PROFESSIONAL SUMMARY

Finance graduate (B.S., GPA 3.7; FINRA SIE) and U.S. Marine targeting equity research, financial analyst and quantitative analyst roles. Builds DCF, WACC and trading-comps valuation models from SEC filings, and Python platforms for fundamental research, backtesting and statistical validation. Directs month-end close, bank reconciliation, budgeting and owner reporting for a 13-property real estate portfolio. Former Corporal (Secret clearance, inactive) accountable for $30M+ in assets; a fast study ready for any assignment.

EDUCATION, CERTIFICATIONS & LICENSES

Bachelor of Science, Finance December 2025
New Jersey City University, School of Business, Jersey City, NJ GPA: 3.705/4.0
Relevant Coursework: Investment Principles, Portfolio Analysis, Seminar in Corporate Finance, Managerial Finance, Business Statistics
Securities Industry Essentials (SIE), Financial Industry Regulatory Authority (FINRA) March 2026
Real Estate Salesperson License, New Jersey Real Estate Commission January 2026

PROJECTS

Independent Equity Research, AI & Quantitative Projects, Bayonne, NJ April 2026 – Present

- Project Hero One: Engineered a 78K-line Python research platform (pandas, NumPy, SQL) on local LLM inference, integrating SEC filings, 13F holdings, supply chains, 50+ sentiment-tagged news sources and full price history for fundamental analysis.
- Implemented DCF, reverse DCF and residual income valuation, GARCH volatility, hidden Markov regime and Monte Carlo models; validated strategies out of sample and audited the paper record (349 decisions, t = −0.79: no edge).
- Corrected 3 estimator defects that had inflated backtest results, including a threshold that passed half of random strategies.
- Amphenol (APH) initiation: rated HOLD with a $72 price target; forecast 2027E EPS of $3.12 and built a 10-year, three-scenario DCF (9.8% WACC from a regression beta), reverse DCF and 6-peer trading comps from 10-K, 10-Q and earnings releases.
- Deal Delta: Developed an AI-driven federal contract pricing platform that parses solicitations into requirement matrices, deploys AI sourcing agents to price goods and services, and benchmarks margins against USAspending award percentiles.

PROFESSIONAL EXPERIENCE

KSR Realty LLC, Bayonne, NJ February 2025 – Present
Property Management & Financial Operations

- Direct financial operations for a 13-property, 26-unit residential portfolio ($2,600–$3,600 monthly rent per unit), recording rent receipts, operating expenses and repairs in property-level Excel ledgers and closing the books for each property monthly.
- Reconcile bank deposits to the rent roll monthly; process contractor invoices and recurring bills by property.
- Built Project Kingdom, a Python and SQLite system of record: double-entry ledger, bank reconciliation, 30/60/90-day receivables aging, budget-vs-actual variance by property, a 12-month cash flow forecast and owner statements.
- Managed purchase-loan financing on 5 property acquisitions, coordinating with lenders from application through closing.
- Prepare owner financial summaries and organize income, expense and supporting records for each property's annual tax filing.
- Prepare rent ledgers and verified complaints for landlord-tenant cases with outside counsel; draft leases.

United States Marine Corps, Twentynine Palms, CA July 2019 – July 2023
Transmission System Operator, Key Management Infrastructure (KMI) Primary, Corporal

- Made KMI Primary as a Lance Corporal, a Sergeant's billet; ran the battalion's COMSEC account and led 12+ operators.
- Accountable for $30M+ in assets (~1,000 radios, tactical vehicles, SATCOM); kept chain of custody for all cryptographic items.
- Passed 100% of monthly unit, quarterly battalion and semiannual regiment COMSEC inspections and random audits.
- Performed quarterly risk and cost analysis of maintenance costs, failure rates and replacement cycles; presented data-driven quarterly recommendations that informed senior leadership's repair and equipment replacement decisions.
- Found and recovered double-issued equipment, corrected the records and built an Excel tracker to prevent repeats.
- Coordinated communications for 16–24 field exercises a year; authored the MUOS SOPs and COMSEC policies.

Emerson Amusement LLC, Jacksonville, FL February 2017 – July 2019
Finance & Operations Lead

- Reconciled $100K+ in gross cash flow across 3 locations, balancing every drawer and documenting each overage and shortage.
- Prepared reconciled bank deposits, cash flow reports by location for the owners and payroll for 15+ employees.
