PROFESSIONAL SUMMARY

Finance graduate (GPA 3.7, FINRA SIE) targeting equity research, financial analysis and quantitative roles. Builds DCF and trading-comps valuation models from SEC filings and AI-driven Python platforms for fundamental research and backtesting. Directs financial operations for a 13-property real estate portfolio. U.S. Marine Corps veteran (Corporal, former Secret clearance) accountable for $30M+ in assets.

EDUCATION/CERTIFICATION/LICENSE

Bachelor of Science - Finance December 2025
New Jersey City University – School of Business, Jersey City, NJ. GPA: 3.705/4.0
New Jersey Real Estate Salesperson License. New Jersey. January 2026
Securities Industry Essentials (SIE) – **Financial Industry Regulatory Authority** (FINRA) March 2026

PROJECTS

Independent Equity Research, AI & Quantitative Projects, Bayonne, NJ. April 2026 – Present

- Project Hero One: Engineered a 78K-line Python research platform on local LLM inference, linking SEC filings, 13F holdings, supply chains, 50+ sentiment-tagged news sources and price history; AI analyst agents test theses against point-in-time data.
- Deal Delta: Developed an AI-driven federal-contract pricing platform that parses solicitations into requirement matrices, deploys AI sourcing agents to price goods and services and benchmarks cost to fulfill against USAspending award percentiles.

PROFESSIONAL EXPERIENCE

KSR Realty LLC, Bayonne, NJ. February 2025 – Present
Property Management & Financial Operations

- Direct financial operations for a 13-property, 26-unit residential portfolio ($2,600–$3,600 monthly rent per unit), recording rent receipts, operating expenses and repairs in property-level Excel ledgers.
- Reconcile bank deposits to the rent roll and close the books for each property monthly; process contractor invoices and recurring bills, allocating each expense to the correct property.
- Managed purchase-loan financing on 5 property acquisitions, coordinating with lenders from application through closing.
- Prepare owner financial summaries and organize income, expense and supporting records for each property's annual tax filing.
- Prepare rent ledgers and verified complaints for landlord-tenant litigation with outside counsel; draft leases.

United States Marine Corps, Twentynine Palms, CA. July 2019 – July 2023
Transmission System Operator – Key Management Infrastructure

- Selected as Key Management Infrastructure (KMI) Primary as a Lance Corporal, a Sergeant's billet; managed the battalion's COMSEC account and led 12+ operators.
- Accountable for $30M+ in assets (~1,000 radios, vehicles, SATCOM); maintained chain of custody for controlled cryptographic items from receipt to destruction.
- Passed 100% of COMSEC inspections at the unit (monthly), battalion (quarterly) and regiment (semiannual) levels and random audits.
- Analyzed maintenance costs, failure rates and replacement cycles; presented quarterly recommendations that informed leadership's repair and replacement decisions.
- Identified double-issued equipment during concurrent operations, corrected the records and recovered the assets; built an Excel availability tracker that prevented further double issues.
- Coordinated communications for 16–24 battalion field exercises a year; authored the MUOS standard operating procedures and command COMSEC policies.

Emerson Amusement LLC, Jacksonville, FL. February 2017 – July 2019
Finance & Operations Lead

- Reconciled $100K+ in gross cash flow across 3 locations by balancing every drawer to recorded transactions; investigated and documented each overage and shortage.
- Prepared deposits reconciled to the ledger and location-level cash-flow reports for the owners.
- Processed payroll for 15+ employees and recorded receipts, disbursements and supplier bills, maintaining accurate records for IRS and Florida reporting.
